Oggetto: Certificate.

We certify that the below mentioned products:

31084, 31070, 31007, 31436, 31590, 31031, 31051, 31482, 11122, 11140, 1115301,
11252, 2112730, 2116630, 2116730, 210033501,

are:

- 1. Formaldehyde, Benzol, Lindan, Polychlorophenols, halogened Hydrocarbons free;**
- 2. not classified toxic** according to 1907/2006/EC and subsequent modifications and adjustments, after complete cure and evaporation, they do not release spontaneously toxic substances in the environment;
- 3. in accordance with European Standard EN 71 part 3, norm on the "Safety of toys", about the migration of certain elements (Sb, As, Ba, Cd, Cr, Pb, Hg, Se).** However, we make clear that the threshold values given in the standard refer to the amount, which is soluble in 0,07 Normal hydrochloric acid after 2 hours contact time, and apply not to the paint itself but to the finished article. Strictly speaking, the article must be subjected to testing, however if the coatings themselves satisfy the requirements of the standard, there is no risk that the threshold values specified would be exceed .

Best regards
